### **4. General**

4.1. Social trading (or copy trading) allows Clients to replicate the trading strategies of experienced traders (referred to as "Lead Traders") within the Platform. Lead Traders' Strategy may be either conducted manually by the Lead Trader or automatically via bot trading.

4.2. Copy-trading involves linking your portfolio directly and automatically to that of another trader. This means all trades made by the Lead Trader are automatically copied on the Subscriber's trading account.

4.3. The Social Trading Platform may disclose partial or full information regarding Lead Traders such as leaderboard name, trading history, risk profile, strategies and other information, subsequently allowing you to make a Subscription at your own discretion.

4.4. By making a Subscription, you explicitly authorize us to attempt to automatically replicate (copy) the Strategy of the selected Lead Trader on your trading account without any prior consultation, consent or approval from you.

4.5. Social Trading involves automated trading execution in which trades are opened and closed in your account without your manual intervention or your further instructions. In case you make any manual modifications, the result achieved may be materially different than that of the Lead Trader you initially copied.

4.6. You also authorize us to set limits to any of your Trading Positions in accordance with general margin rules as outlined in our Client Agreement.

4.8. Copiers cannot subscribe to one Strategy multiple times.

4.9. All Subscription Trade Orders are executed on the Platform and are subject to the same fees and rules that apply to standard orders of the same type.

4.10. While we will make every effort for your Trade Orders to accurately reflect the Strategy, we cannot guarantee it. There is no guarantee that the Subscription Trade Orders will have the same opening/closing price, opening/closing time and profit/loss ratio due to changes in market conditions, changes in market depth and time-delayed execution of system instructions. Therefore, there is no guarantee that you will achieve the results of the Lead Traders you follow.

4.11. The Lead Trader bears all the liabilities and responsibilities of their trading activities.

4.12. We reserve the right to cancel or roll-back any Strategies or Subscription Trading Orders, if any of them
